Bronx, NY 10463

FOIL # 08-04-167

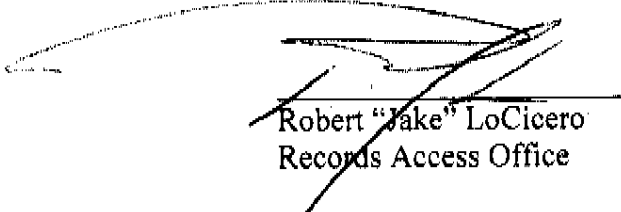

Dear Ms. Schwarz:

Your request, under provisions of the Freedom of Information Law (FOIL), for records pertaining to Kingsbridge Heights Rehabilitation and Care Center, as detailed in your inquiry dated April 7, 2008, has been reviewed by the Department's Records Access Office.

The Records Access Office forwarded your request to the Metropolitan Area Regional Office (MARO) with directions to search for responsive materials and forward them to the Records Access Office as soon as possible. MARO has advised that the assembly and review of any available records shall be completed within forty-five (45) business days or no later than **July 11, 2008** as the MARO staff need additional time to search, photocopy and review potentially responsive material.

Therefore, please be advised that the search for responsive documents based on your request is continuing and the Department's Records Access Office will contact you in writing as documents are located, reviewed and ready for release, or if the search does not locate any responsive records.

Very truly yours,

Robert "Jake" LoCicero  
Records Access Office
